*Tour and Tasting at Smith Country Cheese*

*Lunch at the Inn at East Hill Farm*

*Family Style Stuffed Chicken and Pot Roast*

*Covered Bridges Tour of the Monadnock Region, NH*

*Deluxe Motorcoach Transportation*

*Start your travels through the picturesque hills of Winchendon, MA. Here you will visit Smith Country Cheese for a tour and tasting. Anyone who recognizes the appeal of farm fresh milk will enjoy the rich and creamy flavor of their delicious cheeses. Then head over to the Inn at East Hill Farm for delicious homemade country cooking. Afterwards experience a sense of history as you embark on a two-hour guided tour of New Hampshire's covered bridges. These bridges are not only an integral part of the Monadnock landscape, they're an excellent place to watch a raging river, beautiful sceneries and take in the peace and tranquility of the countryside. Each covered bridge is unique and they are fun to photograph with dustings of pale green pollen and blossoming gardens provide the perfect backdrop. As you take a closer look at these simple structures you'll soon begin to admire the truss systems that form their skeletons. In between bridges, enjoy the scenic stretches of forest, plentiful lakes, mountain views, and small villages.*
