Water Aerobics Pool Closing Schedule

Hi Members:

We would like to provide you with some important information regarding the Water Aerobics Pool Closing Schedule.

As with the Senior Center in inclement weather, if the schools are delayed or closed, there will be no Water Aerobics Pool Class. Safety is our primary consideration when making these determinations during challenging weather situations. Safety to the Senior Citizens is always our main priority.

As far as School Vacations (i.e. Christmas, Summer etc...) Classes will be in session unless notified by the Instructors.

Thank You
