

TOWN OF CUMBERLAND

Diamond Hill Town Park

Diamond Hill, a former ski area, is now home to 3.8 miles of marked trails up the 350 foot rise of “The Big Hill.” At the peak, look north and you can see Boston in the distance on a clear day.

The 30-mile Warner Trail, which has a trailhead in Diamond Hill Town Park, extends to Canton, MA and is marked with white dot blazes. All other blazed trail colors correspond to the colors on the Diamond Hill Park map.

The park gets its name from the mica-laden rocks dotting the hills that glitter in the sunlight.

The Park was originally transferred to the State from private ownership around 1935. It was operated as a ski area from 1939 into the 1980s, closing after several seasons of disappointing snowfalls.

Management of the Park was transferred to the Town of Cumberland from the State in 1997.

It is a venue for many popular events including Cumberland Fest Carnival, Haunted Hill, car shows, athletic tournaments, Operation Stand Down, and Food Truck Nights.
