

TOWN OF CUMBERLAND

Epheta Park

Epheta Park is a Town-owned one-acre park connected to a 21 ½ acre trail system that is largely wooded. Overlooking the Blackstone River Valley, it is the site of an historic American Industrial Revolution rooming house and later church and retreat complex that was destroyed by fire sometime in the 1980's. The Epheta House property was acquired by the Town from the Oblate Fathers in 1998.

Improvements Coming

The Park's master plan is underdevelopment and contains the addition of a sensory playground and ball field as well as improvements to the hiking trail system.

Location

10 Manville Hill Road, Cumberland RI
