

TOWN OF CUMBERLAND

Public Works

Highway Department

The Highway Department services the Town's streets, highways, sidewalks, bridges, watercourses, and storm drains. This department also performs construction, maintenance, repair operations associated with the grounds for our public buildings, and for all parks and recreational facilities. It maintains over 200 miles of roads within town, including street sweeping, snow plowing, tree trimming, brush cutting, catch basin cleaning, and other tasks that require heavy and light highway maintenance or construction equipment. The department also maintains all Town vehicles, and manages the community recycling waste drop-off containers and operations at the Kent Street Garage facility.

Rigid Plastics and Scrap Metal Drop Off Resumes at Kent St Highway Garage

The Kent St. Highway Garage is now resuming the collection of rigid plastic and scrap metal recyclables. Rigid plastic and scrap metal may be dropped off at the Kent St. facility at 37 Blackstone St, Cumberland, RI. Drop off is between the hours of 8AM - 2PM Monday through Friday. Residents are asked to see an attendant at the Kent St. facility for assistance.
