Nestled in the rolling foothills of Southern Vermont lies a 650 acre horse farm where some of the most beautiful horses in the world are bred and trained. We'll start our day with an amazing dining experience in the heart of the picturesque Green Mountains at the Castle Hill Resort. After lunch we will take a leisurely ride to Townsend, Vermont to visit The Friesians of Majesty. The Friesian (Free-zhun) breed originated in the Netherlands and is very graceful and nimble for their size. Enjoy a tour the beautiful European-style stables and meet these friendly, gentle giants (and their foals) up close and personal. Take pleasure in a fantastic choreographed musical show, including Classical Dressage Freestyle. From your seat in the indoor arena you'll view the drill team demonstrate these beauties' skills... and then marvel as a majestic Friesian romps, runs and plays at liberty!!!
