

OCYL STEAMPODS

BE A PEA IN ONE OF OUR PODS...

OR, BRING YOUR POD TO US!

LOOKING FOR CREATIVE & ENGAGING LEARNING FOR KIDS & TEENS?

OCYL'S STEAMSHOP OFFERS IN PERSON HANDS-ON PROGRAMMING ONCE A WEEK, ONCE A MONTH— YOU DECIDE!

- For community members who prefer to stay within their "POD", we are offering one time workshops or multi-week programming for the kids in your family, a social group like Scouts, study group, neighborhood group, or formal academic POD!
- Financial assistance will be available for Cumberland families who qualify.
- Only one group will be in the large first floor classroom at a time.
- Materials and space will be disinfected between groups.
- All children ages 3+ will be required to wear a mask. Adult chaperone seats very limited.

At the STEAMshop, student centered learning opportunities involve exploring and creating with open-ended prompts using a variety of materials and tools. Students are empowered to use their creativity and natural curiosity to ask questions, solve problems and continuously examine, interact with and interpret the world.

Where the depth and breadth of creativity and learning is driven by each unique mind.
